EDUCATION

Thapar Institute Of Engineering And Technology

August 2019 – June 2023

B.E in Computer Engineering - **CGPA - 9.02**

Patiala, Punjab, India

St. Fateh Convent School

2018 – 2019

Class XII - CBSE - **Percentage - 86.40%**

Bathinda, Punjab, India

EXPERIENCE

Oracle CGBU

Aug 2023 – Present

Associate Software Developer

Project Intern — Jan 2023 - July 2023

Gurugram, India

- Collaborated with the **Session Border Controller(SBC)** team at Oracle CGBU, gaining hands on knowledge and experience in **VoIP, SIP and SDP** protocols.
- Utilized **C and C++** programming skills in a **Linux** environment to analyze and resolve software bugs within the SBC system.
- Captured and Analyzed logs for diverse SIP calls using tools like **wireshark and Sipp**, gaining in-depth understanding of different call flows. Also gathered experience on how to use **linux tools/commands like vim,grep,etc** to increase efficiency while working in a linux environment.

Samsung PRISM

May 2021 – Nov 2021

Research Intern

- Worked On Project **Web Content Categorization** MO13 TU. As a part of the project we read and analyzed SOTA architectures of NLP .

COURSEWORK / SKILLS

- | | | | |
|-------------------|-------------------------------------|--------------------------------------|----------------|
| • Data Structures | • Database Management System (DBMS) | • Operating Systems | • Data Science |
| • Algorithms | • Software Engineering | • Object-Oriented Programming (OOPS) | |

TECHNICAL SKILLS

Languages: C/C++, Python, HTML, CSS, SQL

Developer Tools: Wireshark, Sipp, VS Code, Google Colab, MobaXterm

Technologies/Frameworks: Linux, Shell Scripting, SIP/SDP, VoIP, ClearCase, Numpy, Pandas, Matplotlib

PROJECTS

Youtube Comment Analyzer

May'22

- About project : Basic Sentiment Analysis Of Comments on a Youtube video using a builtin **python** package **Vader Lexicon** and **YouTube Data API** .
- This project takes YouTube Video ID/URL as input and displays a detailed report of comments of the video along with a pie-chart containing info about percentage of positive, negative and neutral comments.
- [Source Code here](#)

Directorg 

Aug'21

- **About project:** Directorg is a directory organizer CLI tool which has also been published as a **npm package**.
- It's feature includes to segregating files in a disorganized directory into different folders moving similar files to same folder. It can also be used to view a directory and all it's subdirectories in a tree format.
- Languages And Technologies Used: **Node.js, Fs module**.

ACHIEVEMENTS

- **Merit Scholarship** Holder In 1st and 3rd year of B.E which was awarded based on CGPA.
- Solved **500 + problem-solving questions** across various coding platforms.
- **Completed C++ MasterCourse** by Coding Blocks
